Walk-ins will be accepted at a limited rate of 15 per hour. Walk-ins wishing to avoid longer wait times are discouraged from lining up before the 10 a.m. opening and are asked to expect reasonable delays. Upon arrival, individuals 60 years and older will be sent to the front of the line. Bring a digital or hard copy appointment confirmation, a photo ID, and proof of Guam residency (Guam Driver's License, Guam ID, Green Card, US, FSM, Palau, or RMI Passport). Those due for their second dose are reminded to bring their COVID-19 immunization card. This ensures quicker processing and proper documentation.

According to the [U.S. Centers for Disease Control and Prevention \(CDC\)](#), those due for their second dose of the vaccine may get their second dose up to four (4) days early or 42 days after. The CDC further states that if it is not feasible to adhere to the recommended interval and a delay in vaccination is unavoidable, the second dose of Pfizer-BioNTech and Moderna COVID-19 vaccines may be administered up to 6 weeks (42 days) after the first dose.
